PROSCENA

Dear Ladies and Gentlemen,

We are pleased to invite You to the International Fair PROSCENA 99, which will be an accompanying event of the 9-th Prague Quadrennial.

The 1-st PROSCENA - fair of technic and equipment for theatre and exhibition spaces will be presenting products and producers of this equipment along with artist work presentation at PQ 99.

Connection of these two parallel worlds - those of artificial illusions and technical mediums - will present new opportunities for both of them.

Fusing creative cultures and technical resources, PROSCENA 99 would like to become a new tradition for the next millenium, in the new global world.

We would be very pleased if You could participate as exhibitors in PROSCENA 99, or if You could come to visit the fair during 10 - 13. 6. 1999 at the Prague Exhibition Ground.

Looking forward to Your visit

Mgr. Karel Klíma
Prague Exhibition
Ground director

Dipl. Ing. arch. Pavel Bednář
Fair director

List of product groups

- 1. Stage engineering**
